Rolette County Public Health District

APPLICATION FOR ONSITE SEWER VARIANCE

Owner:

Name: _____ Phone Number: _____

Project address: _____

Mailing address (if different than above): _____

Township, Section, and Range: _____

Legal Description of Property: _____

AFFECTED PROPERTY:

(Attach additional sheet if more than one property is affected):

Name: _____

Address: _____

Telephone Number: _____

SITE PLAN:

Please attach a site plan for the layout and the design of the proposed sewage treatment system. Include lot size, structures, wells, proposed setbacks and limiting factors (i.e. slopes, wetlands, trees, and vegetation).

VARIANCE(S) REQUESTED:

Please list the variance(s) requested:

COMMENTS EXPLAINING SEPTIC VARIANCE CRITERIA

Applicant Name: _____

1. Variances shall only be permitted when they are in harmony with the general purposes and intent of the Onsite Sewage Treatment System Rules and Regulations and where there are particular difficulties or "hardship" when carrying out the strict letter of the Rules and Regulations. "Hardship" as used in connection with the granting of a variance means the property cannot be put to reasonable use if used under the conditions of this Ordinance. (Economic considerations alone shall not constitute a hardship).

2. The plight of the owner is due to circumstances unique to the property not created by the owner, and the unique conditions affecting the property resulting of lot size, layout, shape, topography, soil conditions or other circumstances which the landowners have no control over. The variance, if granted, will not alter the essential character of the locality or have a significant adverse effect on surrounding properties.

Please explain:

3. The variance, if granted, will not have a significant adverse effect on the public health, safety, or be offensive to persons residing or working in the area adjacent to the property of the applicant and will not be materially detrimental to the public welfare or damaging to property or improvements in the area adjacent to the property or the applicant, and that granting of the variance will not adversely impact water quality.

Please explain:

I understand and agree that the septic system to be installed on my property will not be designed and installed to meet all of the requirements of the Rules and Regulations governing the installation and use of on-site sewage treatment systems due to unique site conditions. I understand and accept that the system may not last as long as a system that is designed and installed to meet all requirements. I agree to hold the Health District/Unit harmless from any and all actions that may result from approving this request.
